NRB INDUSTRIAL BEARINGS GROUP

PRODUCT PORTFOLIO

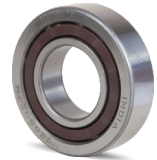

NRB Industrial Bearings Limited

NRB Industrial Bearings Limited, headquartered in Fort, Mumbai, is a leading manufacturer of wide range bearings solutions for the Industrial Market in India & Overseas, since 1965.

NIBL bearings are used in wide spectrum of industries like Machine Tool, Textile, Industrial Gearbox, Cranes & Conveyors, Cement, Mining & Minerals, Fluid Machinery (Pumps, Fans & valves), Harvester, Metals, Process Industry (Fertiliser, Sugar, Paper & Pulp), Bottling, Canning & Packaging, Medical (X-Ray & Imaging Equipments), Industrial Electricals (Electric Motors & Circuit Breakers), Industrial Automation etc.

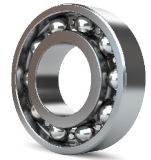

NIBL demonstrates its specialized engineering expertise through its state-of-the-art manufacturing and R&D Centre in Shendra, Aurangabad. It is committed to develop customized bearing solutions that help customers increase uptime, efficiency and reliability for their equipment, keeping the operational cost low.

With a Pan-India sales force, a wide distribution network and industry engineering support, NRB Industrial Bearings offer customers the advantages in an increasingly competitive market scenario.

Angular Contact Ball Bearings

Contact Angle : 40°
Range :
7203 to 7212
7303 to 7312
3202 to 3212
3302 to 3312

Deep Groove Ball Bearings

Range :
6000 – 6018
6200 – 6218
6300 – 6313
Available in open and sealed version

Wide Inner Ring Ball Bearings

Range :
YAS, YCR, YTU, YCJ, YCJT
ID :20 mm to 65 mm
Insert – GY, GYE, GRE, GE,
GKE, RAE, GRAE series

Cam Followers

Range :
Stud Type: KR, KRV series
Yoke Type: NATV, NATR,
NUTR series

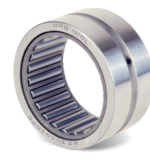

Bottom Roller Bearings

Range :
UN 2803 TO
UN 3235

Cylindrical Roller Bearings

Range :
N, NU, NJ, NUP Design
Series : 200 – 300,
2200 – 2300

Needle Roller Bearings

Range :
NB, NBI
NA-49, NA-69

Spherical Roller Bearing

Range :
22205 – 22228
22308 – 22322

Full Complement Needle Roller Bearings

Range :
RNA, NA
Series : 1000, 2000,
3000

Needle & Roller Thrust Bearings

Series :
Thrust Bearings :
AX Thin, AX Thick
Thrust Plates :
CP Thin, CP Thick

Needle Bushes

Series :
DB, DL, JL

Combined Bearings

Range :
RAX 700 & RAXF 700

NRB-IBC Bearings Pvt. Ltd.

NRB-IBC Bearings Pvt. Ltd. is India's first and only manufacturer of Super Precision Bearings. NIBC was incorporated in October 2012 after its joint venture with IBC Wälzlager GmbH, one of Germany's oldest manufacturers of super precision bearings for the machine tool industries. NIBC's roller bearings enhance the performance of high-speed spindles, ball screws, rotary tables and other demanding applications that require the utmost precision.

Spindle Bearing

Contact Angle : 15° & 25°
Accuracy : P4A
Range :
7003 – 7018
7202 – 7214
71904 – 71918
Available in both Steel & Ceramic Ball Bearings

Cylindrical Roller Bearings

Accuracy : P5
Range :
NN/NNK – 3006 to 3016

Ball Screw Support Bearing

Contact Angle : 60°
Accuracy : P4A
Range :
BS17M47 – BS50M100
Available in open and sealed version

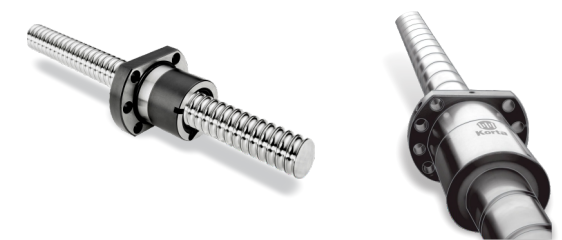

Korta Engineering India Pvt. Ltd.

NRB Industrial Bearings Limited has made a joint venture with **Korta India** a subsidiary of Korta Spain, which is located in the technology capital of India, Bangalore. Established in September 2008, it caters to the burgeoning demand for precision engineering components such as ball screws and lead screws in India and overseas markets.

The company so far has made its presence felt across a wide cross section of over 150 engineering manufacturing goods industries in India and overseas markets. High Precision Ball Screws and lead screws manufactured by Korta India have been deployed in various applications and industry sectors such as Machine Tool OEM's, SPM's, Plastic Injection Molding Machinery, Energy Sector and Auto Ancillary sector.

Range :
Ø20 to Ø80
Length upto 6000mm
Accuracy – C0, C1, C3, C5
Precision ground ball screw

Agency Division

NIBL has partnered with reputed global manufacturers to supply its customers with a gamut of bearings. We work in close collaboration with companies who have built up decades of experience in their field to provide our customers with reliable solutions from one source.

Rollix – France
Product : Slewing Bearings

Gamet Bearings – UK
Product : Super Precision Tapered Roller Bearings

Nadella – Germany, Italy
Product : Linear Guides Systems

RBC Bearings – USA / Europe
Product : Range of Ball & Roller Bearings

Askubal – Germany
Product : Spherical Plain Bearings & Rod Ends
